## About UC Davis

UC Davis is rooted in the City of Davis — California’s college town — in Northern California. We are highly diverse, with students from over 78 countries making up 12.6% of the student body.

Our welcoming community is laid back, green, bike-friendly, located in the middle of everywhere, near major travel hubs and exciting career opportunities. Everyone is dedicated to supporting and developing students in their quest to grow both academically and personally during their time here.

## Admission requirements

UC Davis considers applications through a holistic review process. To be considered eligible for review, you should complete secondary education and all graduation requirements needed to enroll at a competitive university in your home country or country of graduation.
